

2011 Lac qui Parle Valley Envirothon Team

CONGRATULATIONS to the Lac qui Parle Valley Envirothon Team for placing second in the 2011 State Envirothon competition in Duluth on May 16, 2011! As one of the top 3 teams from our southwest area competition, they competed with 30 other area-winning teams from around the state. They are on stand-by to represent Minnesota at the national competition in New Brunswick, Canada, if the first place team can't make it. Envirothon competitions are organized by soil and water conservation districts across the nation, and the LqP SWCD is proud of this team's accomplishment. More information can be found at www.envirothon.org and the Minnesota Envirothon website. To both team members and coach Rachel Rigenhagen, "Awesome job!"
