

Trees for Babies

Have you, or someone you know, had an addition to the family since last spring? By birth or adoption, the Lac qui Parle Soil and Water Conservation District would like to welcome these new residents of our county with the gift of a tree. Stop by our office in Madison (122 8th Avenue South) on Thursday, May 21, to pick up your tree, or call us at 320-598-7321 x 3. We hope you will enjoy watching them grow together!
